

Universal BASE

Take me to the lab

Universal Base
CAD/CAM
solutions
for your in-house
production

Choosing components that fit and function together perfectly is key to success. With our broad portfolio of original components, you can create quality restorations for your Nobel Biocare implants. All products are co-packed with an original Nobel Biocare screw, designed for a strong fit and long-term performance.

Available for all indications and all Nobel Biocare connections.

Use the workflow you prefer: conventional, intraoral or desktop scanning.

The original and cost efficient way to restore Nobel Biocare implants.

Restore your Nobel Biocare implants with the Universal Base, and benefit from a comprehensive warranty.*

*For details see warranty program at nobelbiocare.com/warranty.
